

REMOTE LEARNING WEEKLY CURRICULUM PLANNER - PHOTOGRAPHY

Week Beginning:
18/5/20

**Year 9CPo1,
9CPo2 & 9BPo1
Photography**

Lockdown Diary Project – Week 5 and 6

Task 1 week 1

is to photograph a variety of objects to produce the alphabet A-Z
These can be made up of objects around your house, it could be food, vegetables, fruit, utensils, ornaments, plants, remote controls, chairs, materials shaped to form a letter. You could use just about anything. Look outside in your garden or on your walk.

Present this as a one page document by pasting and resizing your images to fit together like in the example.

Task 2 week 2

You will produce two messages this week.

Decide on your message and spell them out using the letters from the photographs of the alphabet you took last week.

eg: 'Stay Safe' or 'Missing you.' Something that reflects how you are feeling during lockdown.

Again, submit a diary entry to go with each shot.

Present this as a one page document by pasting and resizing your images to fit together like in the examples seen the PowerPoint slide attached below.

SCO has made an example of my own, creating the letters A - Z, which you can see attached.
