

Music Department

Home Learning Year 8

Towards the end of Year 8 you would normally complete a recap project based on the Instruments of the Orchestra you will have studied in Year 7. This would usually be taught over a period of four weeks with you completing a piece of work on google classroom at the end of each lesson.

I have adapted the powerpoints and google classroom tasks for home learning to last for **two** weeks. Please find attached the powerpoint in google slide form which you have access to view.

You then have a google docs piece of work to complete. Try and do it from memory after going through the google slides project. If you get stuck refer back to the slides or do your own research on the internet. You have been given **two** weeks to complete this assignment as i want you to really listen to all the music in the clips and hear the difference between the different instruments. Those of you doing GCSE or BTEC music will find this really useful for next year.

Hand in the completed google doc via google classroom.

Any problems contact me or Mr Cornish on here or via email please.
