

REMOTE LEARNING WEEKLY CURRICULUM PLANNER - ART

Week Beginning:
8/6/20

WALT: Learning to research the work of an artist

Create a research page for the ceramic artist Alfonso Castillo Orta. Include images of his work and information. Include your own opinion and how you might use his influence in your work. Please write in your own words and do not copy and paste. You can do this piece of work in your sketchbook if you have it, on paper or on the computer - as long as it is well presented. Please upload your work as an attachment so that this can be comment marked. See examples of his work and a WAGOLL research page attached.
