

REMOTE LEARNING WEEKLY CURRICULUM PLANNER - ART

Week Beginning:
13/7/20

Year 7

WALT: Learning how to produce a detailed pattern on a training shoe.

Task 6

Copy draw the outline of one of the converse training shoes from the templates provided. Draw it A4 in size. Using the inspiration from the Zentangle patterns on slide 2 produce a unique design. You could try this on an old training shoe if you have a permanent marker pen. Why not have a go!

Look at the attached WAGOLLS for inspiration or watch the demo video to see an example being created!

Please upload your image as an attachment so that this can be comment marked.

Finally, enjoy colouring your designs, or give them to someone who would enjoy it!

See example on Google classroom.
