

Year 7
Remote Learning Planner
Week 3 – 21ST September 2020

Welcome to Music Year 7.

Welcome to remote learning for Music for Year 7. I hope you have all had a fantastic holiday and you are ready to learn Music with us at Little Lever.

The work is set on google classroom ready for the week. Please watch the video I have prepared which introduces myself 'Mr Poole - Head of Performing Arts' and the work for the first two weeks.

For the first piece of remote learning we have two google forms for you to complete. The purpose of these is for you to tell us about your current musical knowledge and also whether you currently play an instrument, used to play and instrument or want to learn how to play an instrument.

Please do not worry if you find the knowledge checker difficult (or too easy), it gives us an idea of what musical knowledge you already have so we know what to cover of the next 2-5 years. It is vital that you answer each question honestly and only click an answer if you are reasonably sure it is correct, if not please click 'I don't know'. THIS IS NOT A TEST AND DOES NOT COUNT TOWARDS ANY GRADES!

If you have any queries then please comment on this stream below or send me an email to rpo@litle-lever.bolton.sch.uk.

Below is a table to show which classes have remote learning this week and which have lessons in school. If you have a lesson in school you are **NOT** to complete the remote learning on google classroom as we will be teaching this in school.

Class	Google Classroom Code	This weeks lesson
7NRE/Mu	2igc3ls	NO LESSON THIS WEEK
