Feedback

What, if anything, could we have done differently to improve the summer schools policy or support for the programme?

Earlier announcement of the summer school funding to allow staff and trips planning.

Would your school have delivered a summer school for pupils without funding from the Department's summer schools programme?

No

Provide further details

We have always provided summer school as means of year 7 transition when funding was available. However, we find the cost to plan and deliver a high standards programme prohibiting without funding.

In future, would you deliver a summer school using existing school funding sources, for example pupil premium?

No

Provide further details

The academy uses annually more than the allocated PP to support the PP students education. There simply is not enough PP to fund a high standards summer school.

In previous years, did your school have existing transition support in place for pupils joining your school?

Yes

Briefly outline the transitional support in place for pupils joining your school.

We normally provide 1 transition day.

How did you hear about the 2021 summer schools programme?
